

WELCOME

DIAM

we are the future

Dear Student,
First of all, we would like to welcome you to the University of Calabria (Unical)! We hope your learning and personal experience in Calabria will be pleasant. You have challenging years ahead of you, pursuing a degree in the Environmental Engineering department. We know how difficult it is to get settled in a new environment and wanted to provide some initial information that we believe will be valuable as you move to Unical.

First things first: transportations to campus!

✈ **If you arrive by plane, the closest international airport to Unical is Lamezia Terme (SUF).**

There are many ways to get to campus from the Lamezia Terme Airport:

BY BUS

Using the Rome2Rio search (Lamezia Terme (Aeroporto), Italy to Castiglione Cosentino, Italy)
www.rome2rio.com

With Preite Buses
www.autoservizipreite.com

With Federico Buses
LAMEZIA AEROPORTO
to - ARCAVACATA Università
www.autolineefederico.it

BY MINIVAN

With Al Volo shuttle
(cost is roughly 25 EUR – tickets can also be
purchased on board):

www.al-volo.eu

BY TRAIN

TRENITALIA

(Lamezia Terme Aeroporto to
Castiglione Cosentino)

www.trenitalia.com/en.html

Once on campus, you will likely need to go to the
Campus-wide Residential Center (Centro Residenziale),
which is located close to the Bus Terminal.

The Campus' interactive map is available here:

www.unical.it/campus/visita-il-campus/mappa/

The Department of Environmental Engineering
headquarter is located in Cube 44A
(<https://diam.unical.it/>) The Residential Center is open
during Office Hours. However, if you make plans well in
advance, and let us know when you are planning to be on
campus, we may be able to make specific personalized
plans to pick your keys up.

You may be interested in improving your Italian once you
get here. We have an excellent on campus Linguistic
Center (Centro Linguistico di Ateneo, CLA,
<https://cla.unical.it/>) which offers free courses of Italian
for students of any linguistic background (from beginners
to advanced users).

The Unical Campus features an on-campus postal office and an on-campus bank for any specific details on their hours of operations, you can look them up online. Grocery stores are also located in the area of Arcavacata di Rende (where the campus is located), Castiglione Cosentino, and in the broader area surrounding our campus. Some of these resources are within walking distance from campus.

Feel free to reach out for any additional information. We are looking forward to hearing from you.
